ABOUT THE COLLEGE

S.K.P Engineering College was started in the year 1999 by Kuppusamy Memorial trust. The institution aims of providing excellent learning facilities by imparting practical training, knowledge and skills to the youth era. The college offers 7 Under Graduate engineering programmes and 8 Post Graduate programmes. The college has signed MOU’s with various research organizations and industries to promote closer interaction in the areas of technology development, student training, curriculum updating and establishment of state of art centres of excellence. The college is located 5kms from temple city Trivannamalai.

ABOUT THE DEPARTMENT

The Department offers a full time B.E degree programme in computer science and Engineering. The department has well qualified experience faculty members to keep the students fine tuned to the requirements of the ever changing world of IT. The department is well equipped with necessary laboratories and the potential skills of the students are improved by encouraging them to participate in various technical competitions. The department has signed MOU’s with many organizations for the development of students.

ABOUT THE CONFERENCE

The National conference ITAC-16 promises to address the current state of the innovative technology and the outcome of the ongoing research in the area of advance computing. The aim of the conference is to provide a platform to the researchers and practitioners from both academia and industry to meet the share cutting edge development in the field. The primary goal of the conference is to promote research and development activities in advanced computing. Another goal is to promote scientific information interchange between researchers, developers, engineers, students and practitioners working in the area of computing. Eminent personalities are invited to deliver special lectures.
